

Based on classes taken, which is provided by user, give the user possible schedule that they can take

- have to satisfy prerequisite or corequisite classes, if they satisfy it then you can get a list of possible courses for the semester
- You get the list of the curriculum and check off what class you took. You get a list of classes to take fulfilling the 12 credit minimum and 18 credit maximum requirements. (Full time student)

Profile which shows what the student has done so far:

- credits finished, standing, classification

Be able to chat

Schedule meetings

Gpa calculator for self usage for course and overall gpa

This helps student self check where they stand and check for mistakes that could have been made

Contact us page

Advisor:

- can message, schedule appointments, use schedule page, view student profile

Maybe:

- A resource center with other majors and careers they can have
- Scholarships(ncat scholarships page, a link to a scholarship page)
